

SUCCESSFUL GRANTEES FOR THE EIF'S INSTITUTIONAL GRANTS

The Environmental Investment Fund has approved 26 Institutional Grants Applications for the 2025/26 Financial Year to a combined value of over N\$3.7 million. The Fund is now in process of facilitating the signing of the Memoranda of Understanding with grantees, ensuring effective coordination, accountability, and sound implementation. The final selection process will continue until the full allocation of N\$5 million in available grant funding is reached, after which a final announcement of all beneficiaries will be made.
