

## The Namibian SDG Impact Facility

# CALL FOR PROPOSALS

The **Sustainable Development Goals Impact Facility (SDGIF)** is an initiative developed by The Ministry of Industrialisation and Trade and UNDP Namibia, to provide small competitive matching business grants to tackle unemployment through impact driven innovation and entrepreneurship in sectors with a high multiplier effect on creating jobs and livelihoods opportunities.

The **SDG Impact Facility** hereby invites business grant proposals for **Window 4** targeting these economic sectors:

- Agriculture
- Manufacturing
- Renewable Energy
